originally submitted with the Application. Also enclosed herewith is a copy of the Notice. No new matter has been added to the drawings.

A replacement drawing in compliance with 37 CFR 1.84 and 37 CFR 1.121 was required. The drawing submitted with the Application was held to be unacceptable because the drawing had a line quality that was too light to be reproduced. Newly submitted Fig. 4 has been corrected so that the weight of the line quality is heavy enough to permit adequate reproduction to meet PTO's standards.

If anything further is required, please telephone Applicant's United States Patent Attorney at the number set forth below. Courtesy, cooperation and skill of the Customer Service Center, Initial Patent Examination Division are acknowledged and appreciated.

Respectfully,
